

Ermioni HSC Seats

Chameleons are a distinctive and highly specialized clade of Old World lizards with over 160 species described. These species come in a range of colors, and many species have the ability to change color.

"Chameleon" is also the new suspension seat by ERpro because it comes in a variety of colors and adjustments that enable the seat to fit even to the most narrow boat space.

T4s model is has a short saddle and a more bucket side lumbar support.

Basic features

- 1.Wall mounted
